Re: WC Docket No. 12-375, Rates for Interstate Inmate Calling Services

Dear Ms. Dortch:

Pay Tel Communications, Inc. ("Pay Tel"), respectfully submits the attached *ex parte* presentation in response to comments filed in this proceeding by Martha Wright, et al. (the "Petitioners") on July 16 and 17, 2013, regarding the difference in Inmate Calling Services ("ICS") costs associated with jails and prisons and certain fees assessed by Pay Tel.

As Pay Tel and others have made clear through filings throughout this proceeding, and as further discussed in the attached presentation, there are numerous, critical differences associated with providing ICS in jails versus providing ICS in prisons. Such differences have a dramatic effect on the costs of providing ICS in the various correctional facility settings, all of which should be taken into account as the Commission considers ICS reform. Pay Tel contends the Petitioners' misunderstand and understate those differences and their impact on the costs of providing ICS; Pay Tel submits the attached in support of its position.

Further as discussed in the attached presentation, the Wright Petitioners discussion of fees assessed by Pay Tel is inaccurate in several respects. The attached presentation corrects these inaccuracies.

In accordance with Section 1.1206 of the Commission's rules, this letter is submitted for inclusion in the record of the above-captioned proceeding. Please do not hesitate to contact the undersigned should any questions arise concerning this notice.

Sincerely yours,

/s/ Marcus W. Trathen
